

PARAPROJECT®

Mobile Multimedia Center

- MOBILE
- CONVENIENT
- CUSTOMIZABLE

Monday morning, 8:00 AM. You're scheduled to give a presentation in a half-hour, but the media room is occupied. No problem! With the PARAPROJECT® Mobile Multimedia Center you are free to use any room, regardless of existing IT infrastructure.

Simply roll PARAPROJECT to an available location and plug it into any standard wall outlet. Turn on your projector and distribute the freshly charged laptops to your participants. Connect the integrated multimedia speaker system to the master laptop and you are now ready to start your presentation. Set up is really that simple!

PARAPROJECT®: Another "smart product for mobile computing" by PARAT Solutions.

Features & Benefits at a Glance:

- Eliminate need for hard wired media room infrastructure.
- Provide multimedia presentations in any location.
- Secure all equipment under lock and key.
- Built-in power management and patented docking technology charges all laptops automatically.
- Integrated Ethernet connection and switch enable remote network updates to laptops via Wake-on-LAN.
- Customize to accommodate any make/model laptop, projector and other installed devices. Please call for details.

PARAPROJECT®

Mobile Multimedia Center

PRODUCT FEATURES

Ergonomic Docking, Cable and Network Management

Our patented docking system positions power and Ethernet ports so that no manual cable connections are required. Insert laptops in their slots and push in the drawer. A built-in switch and Ethernet cabling enable remote updates to docked laptops via an integrated Ethernet port.

Easy Access Controls

A clean interface conveniently contains:

- Power receptacle to charge the laptops
- Illuminated power management ON/OFF switch
- Integrated LAN port
- 120V auxiliary components power receptacle

Pull-out laptop shelf

A pull-out shelf locks securely into place to accommodate a master notebook.

Projector

The top shelf accommodates a projector and is adjustable to the perfect angle.

On-board Storage

A convenient storage bin neatly stows on-board peripherals and other assorted items.

Speaker System

A powerful, built-in sound system facilitates multimedia supported instruction with rich sound clarity that projects effectively to large audiences.

Secure Central Locking System

A roll-top cover and central locking system locks everything securely with the single turn of a key.
