

PARASYNC

Charge & Synchronization Dock for iPod

SPECIFICATIONS:

PARASYNC

Dimensions: 12 3/4" x 10 1/2" x 2"
32 x 27 x 5cm

Weight: 6.5 lbs, 2,948g

Power Supply

Input: 100-240V~47-63MHz 1.9A

Output: 5.2V, 13A DC 65W max

Charge and synchronize content to 20 iPod devices from one iTunes library. Accommodates iPod classic, iPod touch and iPod nano. (Please specify model when ordering).

No manual cable connections

Simply insert iPod in a slot to charge and sync.

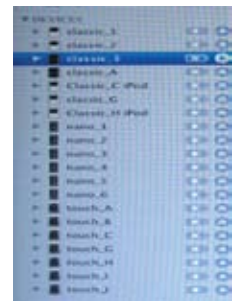

Compact, lightweight, attractive and versatile

With dimensions similar to the length and width of a sheet of paper its compact footprint fits almost anywhere.

No third party management software required!

If you can use iTunes, you can use PARASYNC. There is no proprietary software required to sync the devices. The process is best done with a Mac (running OS 10.4.10 or higher).

PARAT
Solutions

"Made for iPod" means that an electronic accessory has been designed to connect specifically to iPod and has been certified by the developer to meet Apple performance standards. "Works with iPhone" means that an electronic accessory has been designed to connect specifically to iPhone and has been certified by the developer to meet Apple performance standards.

PARASYNC

Accessories

Security Enclosure

Item # DS-SYNC-LOCK

The PARASYNC Security Enclosure stores, charges and protects a MacBook, PARASYNC and 20 iPod or iPhone devices. The steel enclosure bolts onto a fixed surface and locks with a single key. A shelf stows a MacBook with its power supply. A pull-out drawer provides access to PARASYNC and iPod/iPhone devices. All devices charge inside of the locked security enclosure.

Cases for iPod

PARAT Solutions offers lightweight, durable hardshell cases which have been verified for use with the PARASYNC dock. Please note: cases must be on when used with the dock.

Designed for museums and tourist destinations, the "Museum Case" case covers the home button on the iPod touch so users will find it a challenge to change device settings.

PARASYNC Transport Roller

Item #: PARA120-TR

The PARASYNC Transport Roller is a great solution to store, transport and protect your MacBook, a PARASYNC, 20 iPod devices and power supplies.

The lightweight case features a pull-out handle, roller wheels and over a dozen compartments for all of your devices.

Customized Solutions

For large quantity device deployments PARAT Solutions can customize a professional solution to neatly store, charge, transport, protect and synchronize everything.
