“Technology & Learning” August 2006 Edition Features Parat Solutions Paradidact©

Berwyn, PA August 1, 2006 – PARAT Solutions, an innovative manufacturer of mobile computing transport solutions, is pleased to announce its inclusion in the August 2006 edition of *Technology & Learning*.

The magazine highlights the PARAT Solutions Paradidact© in its list of “New tools for schools”.

PARAT Solutions intelligent mobile IT transport systems known as the Paradidact©, combine convenience, versatility and connectivity in an aesthetically appealing and seamless solution allowing educators and seminar organizers to transport, store, recharge and synchronize up to 24 notebook computers cost-effectively and efficiently. The Paradidact© also allows users to conveniently administer updates to the systems or synchronize lesson plans via Wake-on-LAN technology from any remote location.

PARAT Solutions products protect users’ investment, give greater flexibility and provide a higher return on their IT infrastructure expenditures. The integrated intelligence in the PARAT Solutions Paradidact© take the computer cart concept to another level and increases the flexibility schools have in managing their IT resources – and expenditures.

PARAT Solutions is an independent U.S. affiliate of PARAT-WERKE and provides “smart products for mobile computing” effectively combining innovative technology, sturdy craftsmanship, technical expertise and a high degree of creativity.
